Ari,

Attached please find a revised draft application (20 pages, including claims and abstract) and figures (6 additional pages, figures 1-10) for the above-referenced matter. This revised draft incorporates comments received from the inventor (note new Fig. 10 and paragraph 40) and adds a new claimset directed towards a computer readable medium. The revised draft is in redline (track changes) format, so any changes should be readily visible. Please have the inventor review the revised draft and, assuming all is in order, sign and return the attached declaration and assignment documents to us for filing in the US patent office.

As you have requested that we file the application by Nov. 20, 2001, please return the documents via facsimile with the originals to follow via express courier. Please let us know if you have any questions, and we look forward to hearing from you by Nov. 19, 2001.

Regards,
Ross
